NEW WORLD WINE ROOM

Champagne

All of the wines at The East Room are from the southern hemisphere; all of them except for these two that is...

Delamotte Rosé £80

Delicate, complex, refined and sophisticated. No sledgehammer fruit here, just a hint of rose petal, citrus spice and redcurrant.

Delamotte is the rosé of Salon, considered by many to be the greatest Champagne producer in the world.

Krug Grande Cuvée £180

Multi-layered and rich, Krug is fermented in oak barrels, giving it a trademark toastiness and a delicious, evolved, soft complexity of flavours: hazelnuts, butter, brioche, hints of cognac.

Krug is matured on its lees (spent yeast cells) in the bottle for seven years before release, producing more complexity and rounding off all sharp edges.

There are tasting notes to assist in your wine sampler selection and we will regularly be running various varietal, regional, national and trans-continental tastings, challenges, comparisons and battles.
